

TRANSFORM YOUR TENDERING PROCESS WITH

The Link TMS logo, featuring the blue circular icon and the word "Link" in white serif font, followed by "TMS" in a bold blue sans-serif font.

TENDER MANAGEMENT SOLUTIONS

Bring cost savings, efficiency, compliance, visibility, and structure to your sourcing activity

## Transform Your Tendering Process

- ✓ Optimise every opportunity to save costs, increase value, improve service levels, and strengthen supply chains.
- ✓ Focus on strategic, high-value activities and supplier relationships not manual, time-consuming, admin tasks.
- ✓ Your team working together to evaluate and select your supply partners.
- ✓ Suppliers providing high quality submissions within a competitive environment.
- ✓ Processes, workflows and approvals that are efficient, standardised, automated and transparent.
- ✓ Easily auditable and compliant processes.
- ✓ Minimal friction and frustration for your team to accelerate your business goals.

## Link TMS | How we help

We help our customers manage their tender processes for any goods or services.

We write, design and implement tenders based on your unique requirements.

We use a best-in-class digital platform to on-board suppliers, collate submissions and evaluate proposals.

### Why partner with Link?

You retain full control of your sourcing activity and decisions.

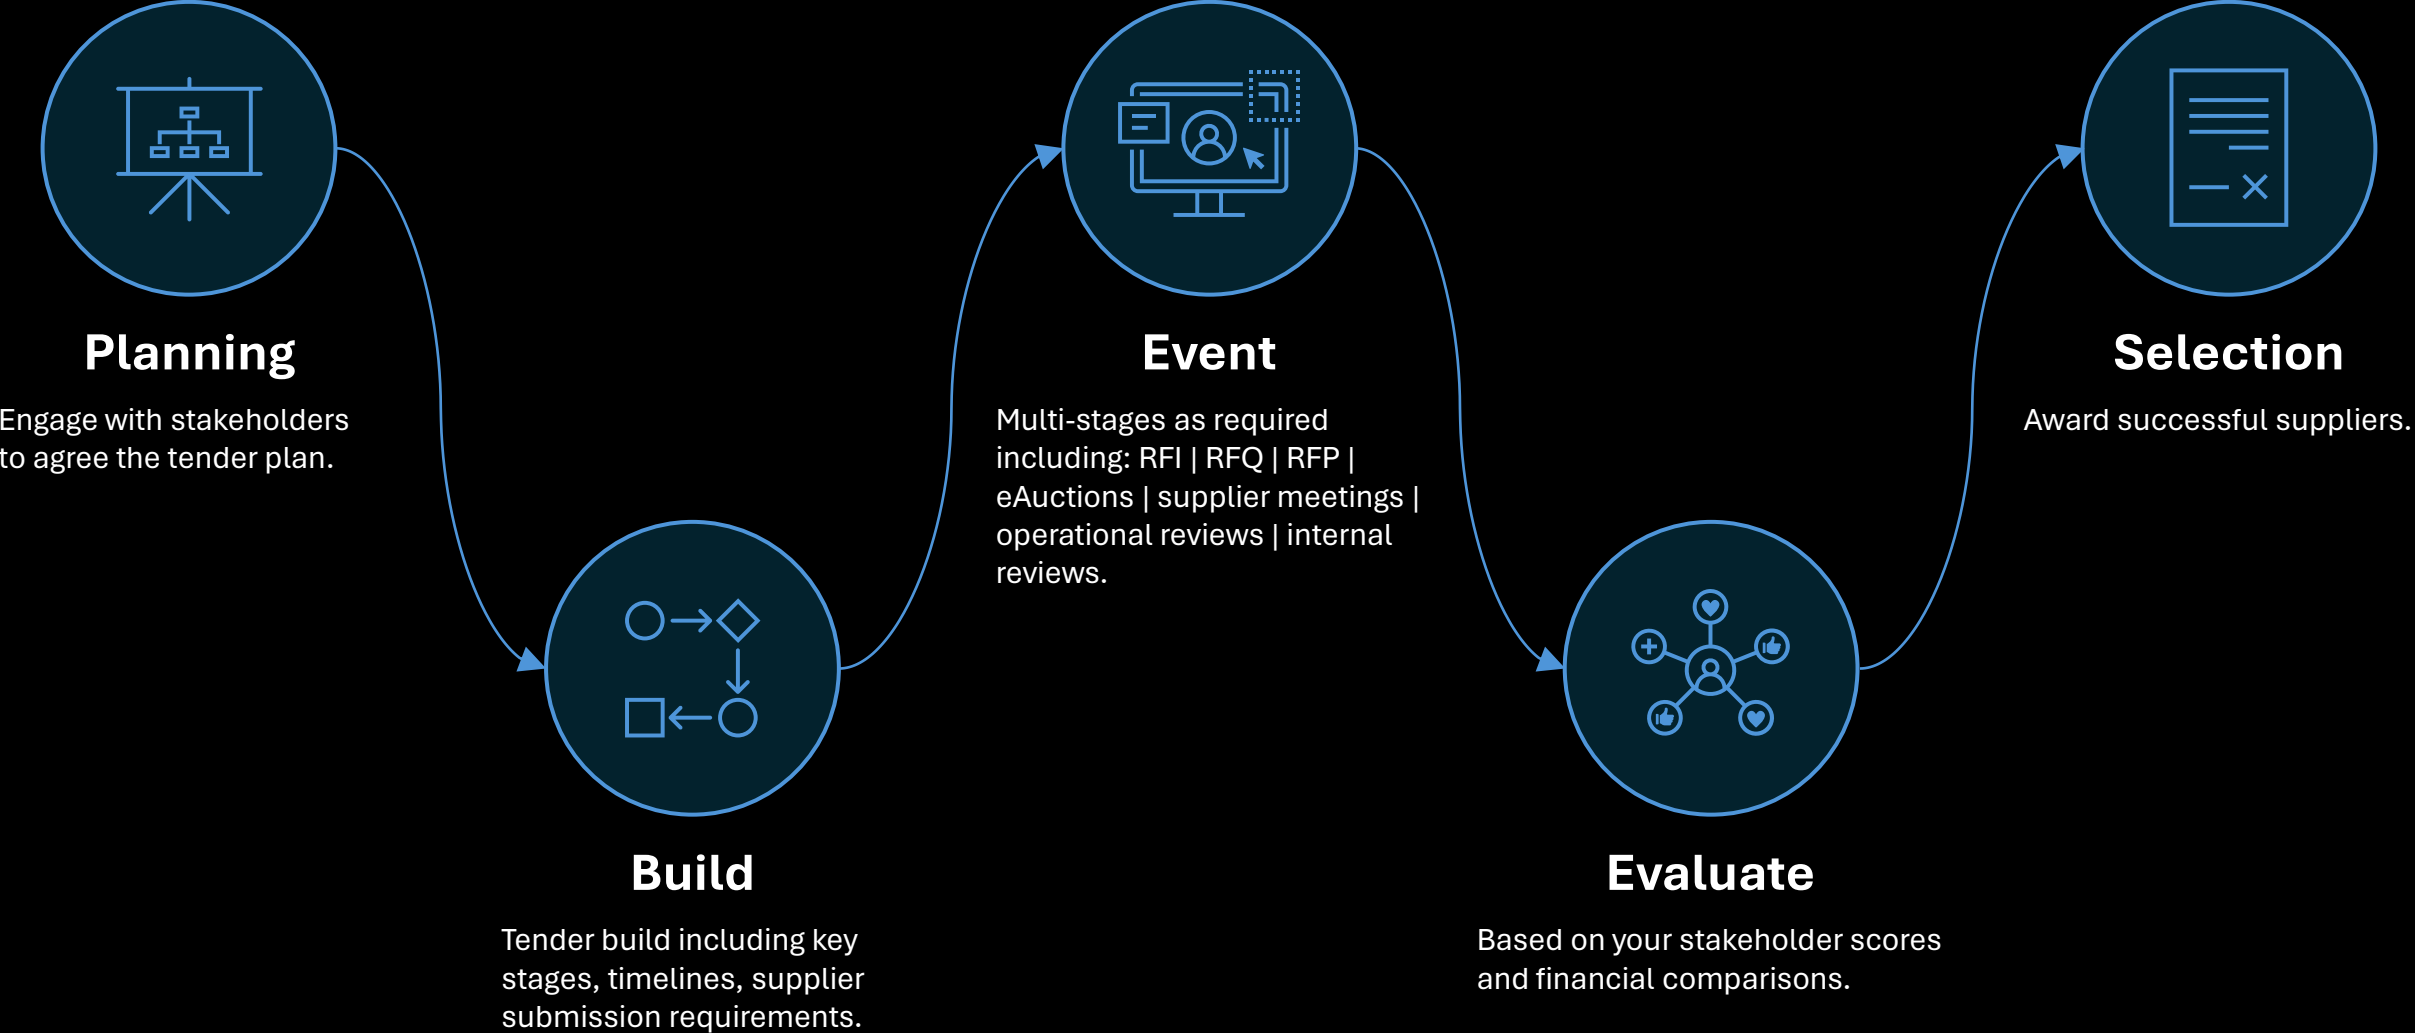

On-demand access to a highly secure, sourcing platform without the need for an expensive subscription.

Full visibility for all internal and external tendering communication and activity, consolidated within a single platform.

Quickly scale to meet high volume workloads or team absences.

A trusted partner that you can rely on as a key part of your team.
